

Welcome!

Thank you everyone for joining
iPad Essentials: Storing and Organizing Photos

We'll get started right at 10:00 a.m.

How to Participate and Ask Questions

Overview

- Photos and your iPad
- Where to Store your photos
- Demo
 - Navigation
 - Creating Albums and Folders
- Organizational Structure

Photos and your iPad

- When you take photos using your iPad, or if you import photos to your iPad, they automatically go to the Photos app
- You can also set your Apple account settings so that all photos on all your Apple devices, like iPhones and Mac computers, appear on all your devices, including your iPad

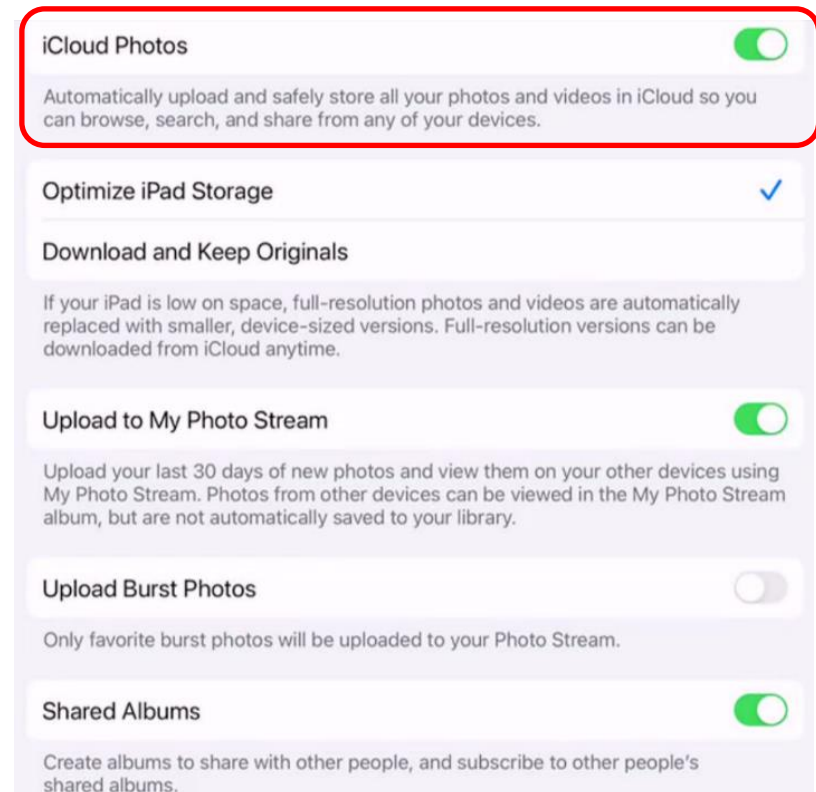

Where to Store? – On your iPad

- The number and quality of your photos, and the amount of other data stored on your device will influence this
- Even if you have a lot of storage space on your iPad, photos still take up a lot of space
 - 2GB for 600 high resolution photos
- Good option if:
 - You don't have very many photos that you want to store
 - You will move your photos off of your device to another store device periodically

Where to Store? – On the Cloud

- Easiest and most seamless option for storing photos, while viewing and organizing on your iPad
- Many settings you can change to customize

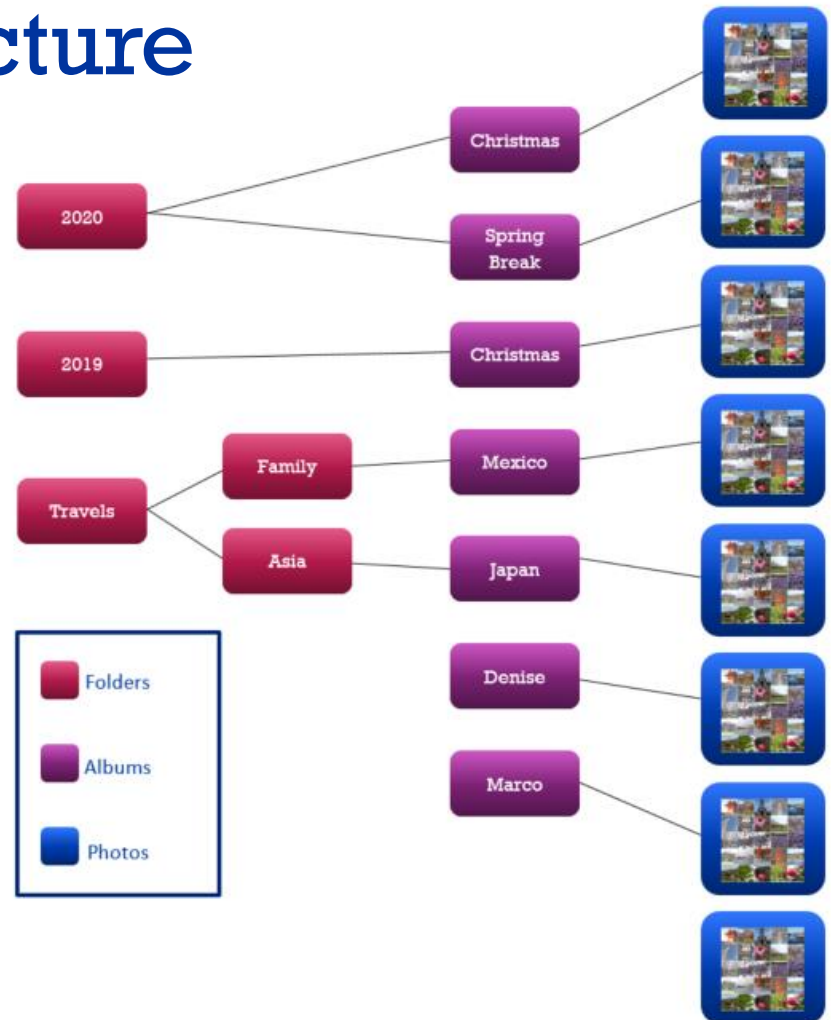

Where to Store? – On the Cloud

- Important note: you only get 5GB of free storage on iCloud with your Apple account.
- If you run out of your free space, you can purchase more for relatively cheap prices
 - \$1.29/month for 50 GB
 - \$3.99/month for 200GB
 - \$12.99/month for 2TB

Demo

Organizational Structure

- What do we notice about the organizational style?
 - Time
 - Topics
 - People
 - Places
- What would you change?

Organizational Structure

- Choose something that works for you, and stick with it!
- Some options might be
 - time based information; like the month or year
 - topic based information; cats or mountains etc.
 - event based information; John's Wedding or My Graduation etc.

Thank you for listening

- Any final questions or comments?
